

SPORTING HEROES

PE: Swimming will continue on Wednesday morning. We will also be doing athletics in PE lessons. Please make sure you have the correct kit including a sun hat as the day we do PE may change from week to week.

Sports Week: During the 2nd – 6th July we will spend the week covering off a lot of different sporting activities. We will learn new sports and find ways of improving in the sports we already do.

We will also all be working towards our best performances at Sports Day.

In our topic lessons we will be looking at the Olympics. We will look at the history, events and locations of Olympic Games as well as famous Olympians.

We will be working towards creating a biographical fact file about a sporting hero.

Science: In keeping with the theme we will be learning about muscles and the effects of exercise on our body.

We will also be learning about healthy nutrition;

Maths: Our last units will be on Shape, Volume and Coordinates – but we will probably revisit other things that we have learnt throughout the year.

English: We will be carrying on with Non-Narrative texts, this time looking at biography, autobiography and recounts as well as revisiting other information types.

RE: We will be looking at examples of Faith in Action and also studying the Lord's Prayer
