

Year 1 and 2's topic for Autumn Term 1 is:

Superheroes!

Stunning starter: Design a superhero

Magnificent middle:

Incredibles DVD

Fantastic finale: Puppet show

In our **English** lessons, we will be reading Eliot Midnight Superhero. We will learn this story and use it to inspire our own superhero story. We will also be writing superhero poetry.

In History, we will be learning about *real* life superheroes, including Mary Seacole and Florence Nightingale.

In **D&T** we will be designing and making our own superhero puppets, ready for our own puppet show.

In **maths** we will be looking at place value, as well as using the 4 operations (addition, subtraction, multiplication and division).

Our **science** lessons will involve learning about different materials, and their suitability for different purposes. We will use this knowledge to test, group and sort different materials.
