

Our topic for Spring Term 1 is:

Stunning starter: Receiving our mission

Magnificent middle: Culture experience day

Fantastic finale: Continental comparisons

English

We will be reading stories from other cultures and writing our own work inspired by this. We will think about pattern and rhyme in poetry. We will be writing invitations as our non-fiction focus.

Maths

In Year 1 we will be learning about time, place value and money.

In Year 2 we will be thinking about time as well, graphs and money.

Art

We will explore art from around the world, and we will use drawing and painting to develop and share ideas and imagination. We will think about colour, pattern, texture, line, shape, form and space.

PSHE

We will be thinking about health and well being in PSHE lessons.

Earth explorers

Geography

We will name and locate the world's 7 continents and 5 oceans. We will also look at similarities and differences of a small area of the United Kingdom, and of a small area in a contrasting country. Linked to our science, we will identify weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles. We will use maps, atlases and globes, use compass directions and locational and directional language.

Science

Our science focus is seasonal changes. We will observe changes across the four seasons, and describe weather associated with the seasons and how day length varies.
