

Research the Yeti. Where is he?  
How can we find him?

Plan our journey to the Himalayas.  
Learn about the mountain ranges.

Pack our bags. What would we  
need to take to the Himalayas?

Begin the journey. Write an  
adventure story.

Oh no! Danger! What should we do?

Arrived! What shall we do while  
we are here?

## *We're going on a Yeti Hunt Year 3 and 4*

*We are going on a yeti hunt. We are going to learn all about the abominable snowman; where he has been spotted and what he is like.*

*We will take a closer look at where the countries of the world are located, and some of the ways geographers describe locations. We will learn to locate and describe places using longitude and latitude, and find out about some of the important lines that delineate specific areas of the Earth - the Equator, the Hemispheres, the Poles and the Tropics.*

*Finally, by looking more closely at the lines of longitude, we will develop our understanding of time zones.*

*We will be writing stories involving the yeti and we will be writing to an explorer to ask them about their experiences in such cold conditions.*

*We will also learn about the Himalayas; where they are and what it would be like to explore them.*

*Homework sheets will be coming home - please support children in their weekly homework. Homework goes out on Friday and is due in every Thursday.*

*Please read with your child at home daily - make sure you are asking them questions about their book. Don't forget to practice the multiplication tables too!*

*In English we will be writing adventure stories and letters to explorers.*

*In maths we will be working out the cost of our trip and calculating the distance we will travel.*

*We will also be working on our addition, subtraction, multiplication and division knowledge.*

*We will be inside for P.E where we will be doing gymnastics and dancing the Yeti Stomp! Please make sure you have got an indoor P.E kit at all times.*
